Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted*.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

INDEX TO ADVERTISERS

[illegible]

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

"Organized Effort on Behalf of Our City"

"The conception of Chamber activities is embodied in one of the adopted slogans—"Organized Effort on Behalf of Our City"—and the Chamber is a success only to the degree that this effort is extended and service rendered impartially, fearlessly, and unselfishly for the benefit of the community. The Chamber has made great strides in further developing the comprehensive character of the organization, which today is more generally recognized as an organized body through which all citizens may work for the advancement of the civic and commercial welfare of the city. It is non-political and non-sectarian. It voices the opinion of a membership composed of all shades of thought and of all lines of commercial and professional activity. It is the voluntary, collective contribution of public-spirited men and women to the common good."

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ADVERTISING
FEDERATION OF AMERICA

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of references publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

Now Able to Render a Broader Banking Service

Combining the resources, the personnel and the accumulated experience of two institutions—the Merchants and Newark Trust Company offers a most valuable banking service both to the business firm and the individual. We are large enough to give you every known facility—but not so large that we lose that personal contact which is prized so highly by our customers.

*Our safe deposit vaults are the
largest situated right on the main
floor of any bank in the city.*

REPORTS

Since 1896!

In 1896 the Credit Reporting Co. was launched with the policy of giving "The most complete report in the shortest possible time."

This rule, rigidly followed throughout 38 years, has built an organization instilled with the desire to serve efficiently and to be at all times an important factor in your decision as to the advisability of extending or refusing credit to an applicant, whether this be an individual, firm or corporation.

The membership of the National Retail Credit Association, comprising over twelve hundred agencies throughout the United States, has conceded our reports to be as nearly flawless as it is humanly possible to make.

read it EVERYDAY

THE family who daily reads the NEWARK EVENING NEWS enjoys unsurpassed quality journalism. It is regarded as one of the finest newspapers in the United States. The press of the world frequently quotes it editorially. Naturally, the more than 157,000 families who daily read the NEWS place it in their highest esteem and confidence. Invite the NEWARK EVENING NEWS into your home. Permit your children to read it—to help them in their studies. The NEWS serves one of the most active, growing, wealthy consumer markets in the country. During the past four consecutive years it has published more advertising than any other morning or evening week-day newspaper in America.

If you enjoy reading a really fine newspaper phone the Circulation Manager, Market 2-8000 and arrange to have The NEWARK EVENING NEWS delivered to your home every day.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500
